## ~ CELEBRATING WOMEN'S HISTORY MONTH ~

And it is official. After 24 years we have a new logo!

This new design embodies the spirit of our community, where people from one generation to the next rely on each other and support one another.

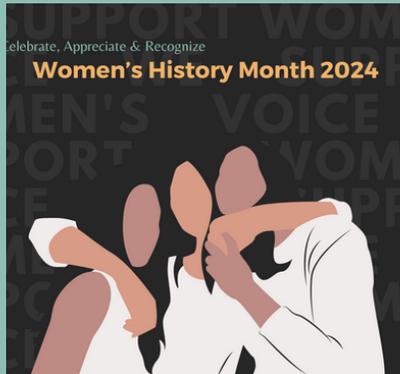

The logo features figures linked together, symbolizing the strength found in unity across generations from an action as simple as placing a gentle hand on someone's shoulder to offer encouragement or guidance to "level up" for themselves and to come together for the community, a cause.

Through this logo, we celebrate the power of shared experiences, knowledge passed down, and the enduring connections that bridge age groups. It represents our commitment to creating spaces where everyone feels valued, and empowered and can contribute to a brighter future.

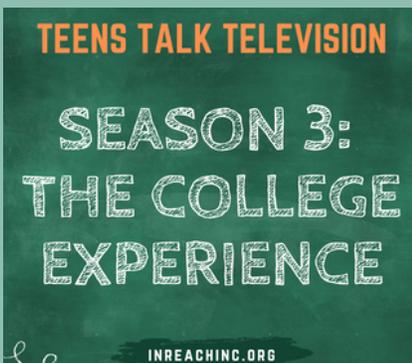

As our new direction unfolds, we invite you to explore the ways we connect generations and how you can be a part of this vibrant community.

~ Toni A. Smith, Executive Director

## ~ 5 WAYS TO EMPOWER YOURSELF AND OTHERS ~

**#1 - Get inspired. In honor of Women's History Month read or purchase for someone else a [book](#) from our [Women's History Month Reading List](#) curated by our executive director.**

**#2 - Get ready to dive deep into college life with our host, Madison Harris! In [episodes 5 & 6](#) of our series, we tackle two essential topics:**

**Episode 5: All Things Social**

**Episode 6: Making Space for Life after College**

Whether you're a parent, youth worker, future college student, or a current student looking for tips, this series has something for you! Madison asks the questions you want answered about navigating the exciting (and sometimes challenging) world of college life.
